clubhouse.

Please see a member of the GBBA
committee to purchase raffle tickets

The Charity Cup Competition was created in 2016 by Ian as a way of saying thank you to the team at St. Michael's Neo-Natal specialist Care Unit. The team delivered Dexter safely through an extraordinary journey and displayed copious positive energy and support to his mummy and daddy during a challenging time.

The Dexter Dawson Cup Competition acknowledges the behind the scenes work of everyone involved in Dexter's journey. From the specially equipped ambulance with its cooling cot and care team who travelled to Gloucester to collect, treat and deliver Dexter to the unit within the timescales needed to increase his chance of survival, the University research team associated with the hospital who strove to develop new treatments for better outcomes and, those who went onto monitor him, giving the eventual all clear after 12 months.

The players and officials have unwaveringly contributed to the charity competition throughout the period allowing us to contribute to a handful of other charities close to the hearts of players /officials in addition to our Cots for Tots campaign.

Dexter loves preparing the medals and trophies and making the Charity Cup Awards on the night.

In 2022 we were invited to attend the Cots for Tots House to see some of the changes we have contributed to. We were also pictured with the presentation cheque showing the total amount contributed to date.

The total raised through the charity cup currently sitting at £14,000 plus with this years finals day, raffle and auction still to come.

Ian and I continue to be humbled by your generosity of spirit and enthusiasm you bring to the competition.

Isobel & Ian Greaves
